

TAMSALL Final Event Programme

CONCEPT NOTE

The TAMSALL Final Event marks the culmination of an impactful project focused on advancing multi-level governance practices for territorial development. This gathering brings together esteemed stakeholders and experts from the European Union, Libya, and TAMSALL initiative.

The final TAMSALL event provides a dynamic platform to discuss and explore complex multi-level governance (MLG) practices in territorial development. From initial welcome sessions to panel discussions and detailed presentations, it addresses the interplay between local, regional, and national administrations in the territorial development scenario. Highlighting TAMSALL's pilots, this event delves into key areas such as data management, training, and emergency management, showcasing how these actions drive transformation and value in local and regional communities.
