

## PRESS RELEASE #4

# Month 19 of U-Eco

### THE U-ECO EVENTS ARE COMING UP!

The U-Eco consortium is thrilled to start working on one of the final stages of the project: our U-Eco events. Each event will be a unique opportunity to gain insight into the topic of the circular economy, its connection with entrepreneurship, training tips, and inspiring businesses that utilize circular principles in their activities.

Keep following our partners' social media platforms to receive first-hand information on the **upcoming events in your country**.

**Heads up!** In line with the previous year and the boost of remote events due to the COVID-19 outbreak, some partners might organize **online events**, which can be joined from anywhere in the world!

### WHAT IS U-ECO?

U-Eco ("Upskilling for more creative circular Economy") is a project that focuses on the process of transition towards a circular economy, addressing the need for specific circular economy training that is able to boost employability and selfemployment while meeting new labor market demand.

For more information, check out the partners' websites.
